

# ExpectMore

Make a difference in the lives of others and in your own. Join Northern Health!

Northern Health leads the way in promoting health and providing health services for Northern and rural populations. Our vision of building a strong primary health care system for all Northerners will create a dynamic work environment that challenges all of your skills. We are also dedicated to optimizing the expertise of our staff and relationships with regional educational institutions for training opportunities such as new physicians, nurses, and paramedical professionals.

We invite you to join our team as we build healthier communities and develop a network of outstanding healthcare professionals.
