

Medical Technologist Vancouver Island

Your life's work... ...in our piece of Paradise

Imagine living and working in such an amazing environment.

ABOUT THE COMMUNITIES

The west coast of Vancouver Island is unique with its natural beauty, long beaches and wide-open ocean vistas. With spectacular sunsets and sunrises, you can see why the area has become a world famous tourist destination drawing over 1 million visitors a year. The area is famous for surfing, sea kayaking, fishing, hiking, storm watching, whale watching and the natural hot springs. Both Tofino and Ucluelet have vibrant art communities as well as excellent restaurants, pubs and cafes.

Tofino

- 180 kilometres west of Nanaimo on Vancouver Island's west coast.
- Population of approximately 1600.
- Pacific Rim National Park and Long Beach is located here.

Ucluelet (pronounced yew-kloo-let)

- Located 8 kilometres, a 30-minute drive from Tofino.
- Population is approximately 1800.

JOB SUMMARY

We are currently recruiting for a Medical Technologist to join the team at the Tofino General Hospital. The hospital provides service to the over 6,000 residents of the region. The laboratory is open Monday to Friday. The shifts are 0730-1430 hours; 0930-1630 hours plus on call for this part-time regular position. The salary range is \$25.36 - \$31.61 hourly.

Education, Training and Experience

- Canadian Society of Medical Laboratory Science (CSMLS) certification as a general Medical Laboratory Technologist.
- Graduate of a recognized program in Medical Laboratory Technology.
- One year's experience desirable.
- Ability to work under pressure.
- Ability to move about freely during working hours and to withstand frequent call backs for emergencies.
